Views of certain municipal boards on the draft rules for regulating the Establishment and control of Municipal Police.

Indexed
KA

Memo

The Inspector General of Police in his No $\frac{352}{51}$ dated 6th May 1887 submitted for Dewan's sanction a set of rules for regulating the establishment and control of the Municipal Police Force in the Province

Thereupon the opinions of the marginally noted Municipal Boards, which contribute in full or in part towards the cost of the Police were called for in this office Circular c/o 335 $\frac{1}{2}$ - 3414 dated 11th May 1887. The Municipalities of Kolar, Tumkur, Chittaldroog Tarekere, Yedahally and Beevoor expressed their entire appropriation of the rules and offered no suggestions whatever; while the remaining five Municipalities proposed modification or

suggestions as detailed below:—

(I) Mysore town Municipal Board suggests the additions of the following phrases

(1) "Including the maintenance and submission of monthly Statistics and returns as at present" after the words "Other duties" in Rule 1.

(2) "and as Municipal officers orderlies" after the words "Buildings and property" in Proviso to Rule 4

(3) "provided for in the Budget" after the word "Buildings" in Rule 8

(II) Shimoga Town suggest the following addition to Rule 1

"Prevention and report of nuisances &c in streets

× also proposes "that Ml Comrs go out and find out any nuisance and other cognizable offences and report the same to the Police, the Police should take immediate notice and proceed with the cases in due course of law.

and states that the expression of opinion on the rules in now way affects

"no suggestions" are
in the rules
by Chickmagalur or
Seringapatam

its recommendation for the transfer of cost of Police to State revenues.

III. Chickmagalur Municipality suggests that "There should be some slight difference in dress so as to distinguish the Municipal from Destrict Police".

IV Seringapatam town in expressing its approval of the proposed rules brings to notice that "it contributes Rs 2616 annually to Provincial revenue on account of Police though there was a separate Police Force for the exclusive Service of the Municipality A separate Police force for the Municipality is also lately necessary and an arrangement like the one contemplated by the rules in question will be of considerable benefit to the Municipality and its inhabitants

(V) While appreciating the marginally noted concessions allowed by the Rules, the Vice President, Hassan suggests:—

(1) That the Government may release the Municipality of the charges on account of the town Police"

(2) Whether the creation of a distinct Municipal Police Service under the entire management of the Municipal Board would not be a forward move towards the progress of the Local Self Government, that the Municipalities and Vice Presidents in District Municipalities may well control the Municipal Police receiving their orders from the Deputy Commissioner

(3) He objects to the

required to before submitting regarding the arrangements

(2) The Police D required to consult the before reducing the Police men appointed to Municipal property &

the proposal of the Inspector General of Police for centralizing the administration of the Municipal Police to the extent contemplated by the rules and suggests that the Dy Comr as the President of the Board be allowed to control the Municipal Police without referring daily matters of routine and detail to Govt for its sanction and that again through the Inspector General of Police

(4) He suggests the following modifications in the proposed rules.

(a) Addition to Rule 10 of a clause "Prohibiting the employment of Municipal Police men as orderlies of Police Officers"

(b) Omission of Rule 9

as it entails some
labour without proportionate
gain. If, however, the
information is required
for statistical purposes
it may be furnished

Besides the above
Municipalities, the Dy
Comr Hassan obtained
the views of the Taluk
Boards, who see no
objection to the introduction
of the Rules themselves,
but evince an apprehension
that the liability of
maintaining the force
may be imposed on the
minor municipalities as
an immediate sequel of
the rules On this supposition
the Amildars of Mary
Anekere and Holeh
represent that the Mun

in their charge with their present income could not afford to maintain the Police Force from the municipal funds. The Deputy Commissioner therefore observes that, unless the land revenue deriv-able within the municipal limits as well as the entire realization of Mohatarfa revenue were made over to the Municipalities, they would not be able to contribute to any appreciable extent towards the cost of the Police in those towns.

As regards rules in general the Dy Comr thinks that they may be adopted; but he sees no reason why in Municipalities of secondary importance, such as those in District

District Head Quarters the Police may not also regard it as within the sphere of their duty to watch cases of Octroi smuggling as a separate adequate establishment cannot be maintained.

The above proposals have been embodied in the accompanying tabular Memo on the proposed Police rules.

Submitted for orders.

The Orders with the instruction stated embodying the opinions of Messrs L. Latham and Mr Latham with the remarks made by me will be finalised good deal time —

Read draft rules for regulating the Establishment and Control of Municipal Police, received with the chief Secretary's Docket no 335½-44 dated 11th May 188 for the Board's opinion.

Resolved that the Board approve of the draft rules with the following modifications.

(1) In rule 1 after the words "other duties" read including the maintenance and submission of mortuary statistics and returns as at present"- (carried unanimously)

(2) In proviso to rule 4 - After the words "buildi. and property" read "and as Municipal Office order

anda Row for the reason that there is now no other class of orderlies for the Municipal Office, and the Police have been doing the duty up to date, approved by a majority, the Police Superintendent objecting to the addition of these words, in the interests of the Department, on the ground that Police Constables should not be deputed as orderlies to any Office, which is not the Office of a Police Officer or Magistrate)-

(3) In rule 8. After the word buildings read "provided for in the Budget"-

II Resolved (on proposition made by Mr. Chedambrambayer, and seconded by Mr. Shaik Ibrahim) that the Board record their opinion that when Municipal Commissioners go out, and find out any nuisance and other cognizable offences, and report the same to the Police, the Police should take immediate notice, and proceed with the cases in due course of law.

III On Mr. A. Ananda Row proposing that the meeting be suspended as it was late, the President brought to the notice of the Board that in consequence of a resolution passed at last meeting requiring the previous submission to the Board of all Estimates of Rs. 100 or more, the Board's executive were in an awkward position, as there were several Estimates on hand which the Board should consider at once, or the executive will either have to stop work which could not be consistent with their duty to Government.

appearance of a disregard of the Board's authority and wishes. The President added that the resolution was on principle a very serious one requiring much consideration and discussion before it might have been adopted and that its adoption at last meeting without adequate notice to submit it to the Board particularly required reconsideration. Resolved (on proposition made by Mr. A. Ananda Row and seconded by Mr. Ganesh Singh) that the resolution of last meeting requiring that the Board's sanction should be previously obtained for works costing Rs. 100 or more, be held in abeyance till the next Budget discussion.

Dated Hassan 24th August 1887

From

P. N. Purnaiya Esquire B.A.
Deputy Commissioner,
Hassan district

To

The Chief Secretary to the Dewan
of Mysore.

Sir,

In reply to your No: 335 1/2/44 of 11th May last, requesting an early expression of the Board's opinion on the draft Rules for regulating the Establishment and control of the Police in Municipalities, I have the honor to submit in original with an abstract statement the reports of the Vice Presidents of the several minor Municipalities in the District, and to state as follows.

2. It will be seen that the Taluk Boards see no objection to the introduction of the Rules themselves; but evince an apprehension that

that the liability of maintaining the force may be imposed on the minor Municipalities as an immediate sequel of the rules. On this supposition the Amildars of Mangerabad, Arsikere, and Holenarsipur, represent that their Municipalities with their present income could not afford to maintain the Police Force from the Municipal Funds.

3 A reference to the income and expenditure of the Municipalities is therefore made here to know the funds that can be made available for maintaining the Police though not without even to some extent affecting the good condition and delaying the improvement of the Municipal Towns. The maintenance of the conservancy establishment is a necessary charge though the execution of works might be conducted on a limited scale. The figures of last year show what funds will be available after deducting the Establishment charges as noted in the margin,— and how the cost of the Police Force on the lowest scale

This nothing worth mentioning is left for improvements in most of them, and some of them carinot fully pay for the force

4 Under these circumstances, the minor Municipalities have good reason to represent that they will not be able to contribute to any appreciable extent, unless the Land Revenue derivable within the Municipal limits is transferred to the Municipality, and the full Inhabitfa revenue is given up to it. But this proposal may not be in the interests of the Provincial Revenue.

5 The report of the Vice President of the Town Municipality of Hassan is submitted in original.

6. But considering the rules as they are framed and as applicable to most of the

towns as have or will have their own Police, I am of opinion that the rules may be adopted. There appears, however no reason why the Police in Municipalities of Secondary importance, such as those in District Head Quarters may not also regard it as within the sphere of their duty to watch cases of Octroi Smuggling - A seperate adequate establishment cannot be maintained -

I have the honor to be

Abstract statement of the opinions of 13
Amildars presiding over Taluk and Minor
Municipalities -

1. The Vice President of the Town Municipal at Nassau proposes relieving the Municipality of the obligation of bearing expenses of maintaining a Police force and vesting in the Deputy Commissioner as President of the Municipal Boards in his district all powers to control the Municipal Police without asking previous sanction of Government either independently or through the Inspector General of Police on matters of not much importance -

2 The Amildars as Vice Presidents of Minor Municipalities approve the Rules with regard to the Establishment of the Municipal Police but some of them viz the Amildars of Manjeshwar, Arsikere, Chennarayapatna, and Hole Narsipur, represent that the income derivable annually from Mohatarfa, at present, in their respective Municipalities

does

does not suffice to defray the charges of maintaining police force after deducting the allotments required to pay the Municipal establishment and for annual repairs &c. - The Amildar of Cheerayapatna, further, suggests that Government should undertake half of the cost necessary to maintain such a Police force from the Police department.

3. The Amildar of Hassan admits the propriety and usefulness of the said Rules.

4. The Amildar of Arkalgud approves the rules.

5. Below Amildar suggests that the Boards should pass the Budgets framed by the Police department, and that they should have a voice in the matter of rewards for good service.

Report of the Select Committee of the Municipal Board on the Draft Municipal Regulation.

We beg to state that the Draft Regulation in a general way is a pretty fair one and may be introduced. We are however of opinion that some alterations, addtions and omisions are necesary. These we have noted below.

1. The following words to be added to the definition clause of "Land" "also building Sites and vacant grounds.

2. Section 11 may be worded as follows as the Committee is of opinion that the Board should know of the resignation of any of its members.

An appointed or elected member of a Municipal Board may resign by notifying in writting his intention to do so to the Board which shall Submit the Same to the Government and on his resignation being accepted by the Government or an te=

3. In the proviso to Section 26 after the words "as he thinks fit" the following clause shou be inserted "giving a notice of the adjournment to all the members of the Board".

4. In clause (a) of Section 37 we would Suggest the maximum percentum being fixed at "5" instead of 7½ as we consider 7½ percentum is a little too high.

5. In clause 2 of Section 38 after the words "shall publish a notice" we are of opinion that the following words or words to that effect shoul be inserted in regard to the mode of publishing "by affixing copies of resolution in conspicuous places, Thanas, Choultries and Public offices and Courts and on the notice Board of the municipal office".

6. In the last line of clause 1 of Section 41 after the words "may deem it expedient" the words "for special reasons to be stated and recorded" should be added.

7. We are of opinion that clause 2 of that Section may be omitted altogether.

8. In Section 43 the last but one line after the word "dispensary" the word "school" be added.

9. The first sentence of section 48 may be continued by the addition of the words "and having due regard to Caste and Religious prejudices and customs of the inhabitants".

In the 2nd Sentence the mode of publishing the Notice should be defined - vide addition proposed to clause 2 of Section 38.

10. In Section 55 after the words "on the premise the following words should be added.

Excepting such property as is exempted from attachment by the provisions of the Civil Procedure Code in force for time being.

11. We are in favour of omitting the word ass in section 67.

12. We would suggest the addition of another clause to section 91 as follows

"(5) The realizations of assessment of lands situate within the Municipality.

13. We would beg that the words "and shall, if the Government so directs" be omitted in section 93.

14. The words "in the Official Gazette may be added to section 98 after the words "by the Government".

15. In the second line of section 104 after the words "to remove" the following should be added.

" or facilitate the removal".

16. The wording of section 106 may be altered as pointed below to bring the cases of persons who allow their children to commit nuisances in public Streets as is commonly the cases every where.

"Whoever commits or permits or allows his children to commit nuisance &c. &c. &c.

17. In Section 142 in the second line the words "and with the sanction of the Government" may be omitted.

18. A Proviso to Section 159 so as to exempt poor peoples' huts which may be constructed only in such localities as the Board may set apart for such huts as absolutely necessary.

19 In Section 162 fourth line from the bottom after the words "said premises" the following be added.

"having due regard to religious and caste feelings and prejudices and customs of the inhabitant.

20. A similar addition after the word "Sunset" in the second line of Section 163 and also in Section 190

21. We are of opinion that as an experimental measure the "Elective" System be introduced into the Mysore City when introducing the Regulation.
